Attn: Human Resources

To Whom It May Concern,

I am seeking an information technology position in a challenging, fast-paced and team-oriented work environment with a leading local organization.

I am a talented, energetic Information Technology Professional with extensive experience in design, development and delivery of cost-effective, high-performance technology solutions to meet challenging business demands. Highlights of my background include:

- B.Sc. and B.Ed. degrees in Mathematics and Computer Science
- Extensive experience in all facets of project lifecycle development, from initial feasibility analysis and conceptual design through development, testing, documentation, implementation, user training and enhancement
- Excellent organizational, leadership, team building and time-management skills developed through experience with full system development life cycle methodologies in multiple industries including health care, financial, manufacturing, and defense.

Key accomplishments:

- Demonstrated ability gathering and documenting true business requirements, developing and implementing Oracle solutions – technical documents, testing methods, and applications.
- Provided technical leadership and assistance in reengineering a complex, mission-critical health care software system (Oncology Patient Information System - OPIS) within the largest integrated academic health district in Atlantic Canada. Outcome enabled less cost, more efficient application maintenance, downsizing of staff, and greater scalability benefits to support direct patient care and disease registry perspectives.
- Received public recognition for building and maintaining positive client relationships delivering IT services locally and abroad, allowing customers to obtain IT services at reduced costs, obtain IT solutions to reduce costs and to increase their sales revenue.
- Designed, and implemented training for employees to strengthen their ORACLE skills.
- Lead, motivated and coached employees to maximize their performance.

I am confident I have the qualifications you are seeking and I am eager to talk with you about the contribution I could make to your organization. If my credentials interest you, I can be reached at the numbers or e-mail address shown above.

I look forward to hearing from you to confirm a mutual time and date to meet. Thank you for your time and consideration.

Sincerely,

Dean K. Anderson, B.Sc., B.Ed..
